**Company Description:** UUA Capital, Ltd. is an energy investment group financing select, high-growth projects in solar, hydropower, electricity and fossil fuels. UUA Capital finances projects with United Utilities Authority (UUA), a private energy utility partnering directly with governments of developing nations to provide efficient, reliable energy to the people of those countries. UUA has ready-made projects focusing on power generation, transmission, and distribution primarily in Southeast Asia. Projects focus on renewable energy such as solar, wind, bio-fuel and hydro and conventional energy such as natural gas and clean coal.

**Year Founded:** 2017

**Private or Public Company:** Private
